A LIST OF SOME OF OUR SATISFIED CLIENTS

PRINTING SOLUTIONS

WE GUARANTEE AT LEAST 10% SAVING ON
YOUR PRINTING SOLUTION

RICOH

Our range of industry-leading hardware and software products has been designed to enhance every environment. Whether you're looking for a professional productivity tool for commercial and office use, or a superior piece of hardware for your home, our easy to use, eco-friendly products bring you the best in Ricoh's technology innovation.

ALL-IN ONE PRINTERS

LASER OFFICE PRINTERS

SINGLE FUNCTION PRINTERS
& FAX MACHINES

Whether you're looking for a wireless, networked or standalone black and white or colour multifunction printer, we offer fast, high quality, user friendly products that will boost your productivity at an affordable price.

Our diverse range of office printers are a market-leader for a simple reason: smart laser technology that delivers the highest quality results every time, no matter what the job. Our laser printers are as reliable in security, usability and productivity as they are in quality.

- Laser-sharp quality at any size
- User-friendly, app & cloud connected
- Built-in, best-in-class security
- Strong sustainability credentials

For home offices, small businesses or large workgroups, Ricoh's black and white and colour printers and fax machines are economical and offer various connectivity options. With a fast warm up speed and low running cost, our range of easy to use high performance laser printers is designed to enhance any office environment.

WIDE FORMAT PRINTERS

DIGITAL DUPLICATORS

COMMERCIAL AND INDUSTRIAL
PRINTERS

Eco-friendly and versatile, our range of wide format document centers and large format printers offers professional printing solutions for a wide variety of specialised uses.

Digital duplicators offer an impressive level of service to businesses, schools or any organisation where long print runs and 2in1 prints are routine.

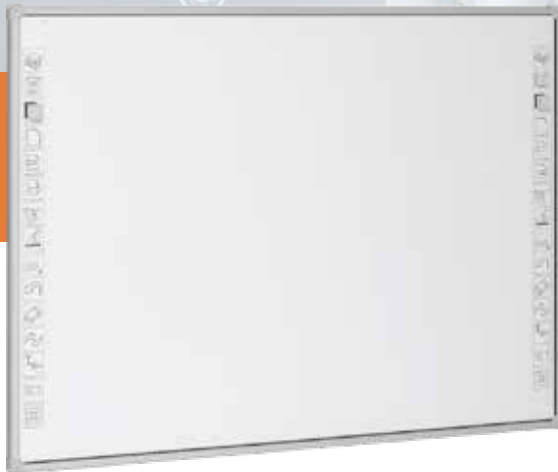

High-speed, high-capacity printers that offer robust solutions for commercial printers and in-house departments alike. Whether you're after a continuous feed printer for high volume invoice runs or a large format device for exhibition graphics, our energy efficient range provides superior image quality and clever features for specialised tasks.

A PRINTER FOR ANY OFFICE/HOME

OUR HIGH RANGE OF HIGH-SPEED, HIGH-CAPACITY PRINTERS
OFFERS ROBUST SOLUTIONS FOR COMMERCIAL PRINTERS
AND IN-HOUSE DEPARTMENTS ALIKE.

COMMUNICATION SERVICES

Finding the right balance between what employees want (flexible working, mobility) and what corporate IT has to deliver (security, compliance, standardised processes) is a challenge for every business. What if just one point of contact could give you access to the very best technology solutions and systems from the world's leading workplace suppliers? Ricoh provides a new and unique way of sourcing the technology your employees need to work smarter and increase productivity

INTERACTIVE WHITEBOARDS

interactive whiteboards offer a high-resolution display and smooth writing, and are ideal for sharing, developing and recording ideas visually.

AUDIO VISUAL SYSTEMS

Ricoh's audio visual solutions offer businesses large and small the tools to communicate ideas and collaborate on projects in real-time from any location. From mobile workforces to university lecture theatres, our technology is here to provide professional results for a wide range of communication needs.

SMART EDUCATION SOLUTIONS

INTERACTIVE LEARNING

Whiteboards have been found to improve student participation more than traditional classroom boards. The interactive whiteboards allow students to answer questions, take votes from their seats and the results are displayed instantly.

CLEVERTOUCH®
by Boxlight®

PROVIDING INTERACTIVE PRODUCT SOLUTIONS TO SUIT THE DIFFERENT NEEDS OF EDUCATORS & LEARNERS, AND ENHANCING ENGAGEMENT, ACTIVE PARTICIPATION AND COLLABORATION IN THE CLASSROOM.

SOFTWARE SOLUTIONS

TRANSFORM YOUR EVERYDAY OPERATIONS
INTO DIGITAL, AUTOMATED WORKFLOWS.

We empower businesses to thrive in the digital age by bridging the gap between their traditional expertise and the power of technology solutions.

We are a team of passionate technologists with a shared vision: to unlock the potential of businesses through digital transformation. We believe technology is a powerful tool for positive change, and we don't just implement solutions – we become trusted partners, guiding you on a collaborative journey towards a successful digital future.

Depending on your Digital Transformation maturity level, your business can utilise any of these services, in a variation of sequence. Our expert advisors are standing by to assist you on your journey.

CCTV SOLUTIONS

PROTECT YOUR MOST VALUABLE ASSETS

We're an end-to-end CCTV solutions
provider capable of satisfying a wide
range of applications encompassing
CCTV, IP & Network, Access Control,
Door Entry and Intruder Detection.

BENEFITS OF CCTV

CRIME PREVENTION

Crime is rife in SA, with
business type crime on the
rise. We need to do
whatever necessary to
protect our investments.
CCTV cameras are a great
deterrent for crime. Make
sure you have them, make
sure they are visible and
make sure your system is
working properly

REMOTE VIEWING

All our CCTV Solutions come
with remote viewing as a
standard feature. We will set
it up for you and make sure
you can log in anywhere in
the world to check your
cameras, provided there is
connectivity at your site, and
the site you are viewing
from. Always be present, no
matter where you are.

INCREASED PRODUCTIVITY

CCTV cameras can also be
used to increase
productivity in the office.
There can be two ways of
doing this, either covertly or
by letting everyone know
there is a camera on them
at all times. You will be
surprised what this does to
increase productivity in the
office.

CONSUMABLES STATIONERY

WE PROVIDE THE BEST QUALITY PRODUCTS
